# Information About the Maryland Register and COMAR

## MARYLAND REGISTER

The Maryland Register is an official State publication published every other week throughout the year. A cumulative index is published quarterly.

The Maryland Register is the temporary supplement to the Code of Maryland Regulations. Any change to the text of regulations published in COMAR, whether by adoption, amendment, repeal, or emergency action, must first be published in the Register.

The following information is also published regularly in the Register:

- Governor's Executive Orders
- Attorney General's Opinions in full text
- Open Meetings Compliance Board Opinions in full text
- State Ethics Commission Opinions in full text
- Court Rules
- District Court Administrative Memoranda
- Courts of Appeal Hearing Calendars
- Agency Hearing and Meeting Notices
- Synopses of Bills Introduced and Enacted by the General Assembly
- Other documents considered to be in the public interest

## CITATION TO THE MARYLAND REGISTER

The Maryland Register is cited by volume, issue, page number, and date. Example:

- 19:8 Md. R. 815—817 (April 17, 1992) refers to Volume 19, Issue 8, pages 815—817 of the Maryland Register issued on April 17, 1992.

## CODE OF MARYLAND REGULATIONS (COMAR)

COMAR is the official compilation of all regulations issued by agencies of the State of Maryland. The Maryland Register is COMAR's temporary supplement, printing all changes to regulations as soon as they occur. At least once annually, the changes to regulations printed in the Maryland Register are incorporated into COMAR by means of permanent supplements.

## CITATION TO COMAR REGULATIONS

COMAR regulations are cited by title number, subtitle number, chapter number, and regulation number. Example: COMAR 10.08.01.03 refers to Title 10, Subtitle 08, Chapter 01, Regulation 03.

## DOCUMENTS INCORPORATED BY REFERENCE

Incorporation by reference is a legal device by which a document is made part of COMAR simply by referring to it. While the text of an incorporated document does not appear in COMAR, the provisions of the incorporated document are as fully enforceable as any other COMAR regulation. Each regulation that proposes to incorporate a document is identified in the Maryland Register by an Editor's Note. The Cumulative Table of COMAR Regulations Adopted, Amended or Repealed, found online, also identifies each regulation incorporating a document. Documents incorporated by reference are available for inspection in various depository libraries located throughout the State and at the Division of State Documents. These depositories are listed in the first issue of the Maryland Register published each year. For further information, call 410-974-2486.

## HOW TO RESEARCH REGULATIONS

An Administrative History at the end of every COMAR chapter gives information about past changes to regulations. To determine if there have been any subsequent changes, check the "Cumulative Table of COMAR Regulations Adopted, Amended, or Repealed" which is found online at <http://www.dsd.state.md.us/PDF/CumulativeTable.pdf>. This table lists the regulations in numerical order, by their COMAR number, followed by the citation to the Maryland Register in which the change occurred. The Maryland Register serves as a temporary supplement to COMAR, and the two publications must always be used together. A Research Guide for Maryland Regulations is available. For further information, call 410-260-3876.

## SUBSCRIPTION INFORMATION

For subscription forms for the Maryland Register and COMAR, see the back pages of the Maryland Register. Single issues of the Maryland Register are \$15.00 per issue.

## CITIZEN PARTICIPATION IN THE REGULATION-MAKING PROCESS

Maryland citizens and other interested persons may participate in the process by which administrative regulations are adopted, amended, or repealed, and may also initiate the process by which the validity and applicability of regulations is determined. Listed below are some of the ways in which citizens may participate (references are to State Government Article (SG), Annotated Code of Maryland):

- By submitting data or views on proposed regulations either orally or in writing, to the proposing agency (see "Opportunity for Public Comment" at the beginning of all regulations appearing in the Proposed Action on Regulations section of the Maryland Register). (See SG, §10-112)
- By petitioning an agency to adopt, amend, or repeal regulations. The agency must respond to the petition. (See SG §10-123)
- By petitioning an agency to issue a declaratory ruling with respect to how any regulation, order, or statute enforced by the agency applies. (SG, Title 10, Subtitle 3)
- By petitioning the circuit court for a declaratory judgment on the validity of a regulation when it appears that the regulation interferes with or impairs the legal rights or privileges of the petitioner. (SG, §10-125)
- By inspecting a certified copy of any document filed with the Division of State Documents for publication in the Maryland Register. (See SG, §7-213)

## REGULATIONS CODIFICATION SYSTEM

Under the COMAR codification system, every regulation is assigned a unique four-part codification number by which it may be identified. All regulations found in COMAR are arranged by title. Each title is divided into numbered subtitles, each subtitle is divided into numbered chapters, and each chapter into numbered regulations.

**09.12.01.01D(2)(c)(iii)**  
 Title      Subtitle      Chapter      Regulation      Subsection      Paragraph      Subparagraph

A regulation may be divided into lettered sections, a section divided into numbered subsections, a subsection divided into lettered paragraphs, and a paragraph divided into numbered subparagraphs.

## Cumulative Table of COMAR Regulations Adopted, Amended, or Repealed

This table, previously printed in the Maryland Register lists the regulations, by COMAR title, that have been adopted, amended, or repealed in the Maryland Register since the regulations were originally published or last supplemented in the Code of Maryland Regulations (COMAR). The table is no longer printed here but may be found on the Division of State Documents website at [www.dsd.state.md.us](http://www.dsd.state.md.us).

## Table of Pending Proposals

The table below lists proposed changes to COMAR regulations. The proposed changes are listed by their COMAR number, followed by a citation to that issue of the Maryland Register in which the proposal appeared. Errata pertaining to proposed regulations are listed, followed by “(err)”. Regulations referencing a document incorporated by reference are followed by “(ibr)”. None of the proposals listed in this table have been adopted. A list of adopted proposals appears in the Cumulative Table of COMAR Regulations Adopted, Amended, or Repealed.

## EXECUTIVE ORDER 01.01.2019.03

WHEREAS, The U.S. Census Bureau encourages all states to form a “complete count committee” to heighten awareness of and participation in the decennial Census;

WHEREAS, The Maryland Department of Planning serves as the Governor’s liaison to the U.S. Census Bureau;

WHEREAS, The Maryland State Data Center is a unit of the Maryland Department of Planning;

WHEREAS, A State Complete Count Committee will have the ability to expand awareness of the 2020 decennial Census through inter-jurisdictional collaboration; and

WHEREAS, It is of the utmost importance for the State, for purposes such as funding, representation, and planning, to ensure that all residents, including hard to count groups and populations, are counted for the 2020 decennial Census;

### 14.35.15 Carrier Certification Standards

*Authority: Insurance Article, §§31-108, 31-115, and 31-116, Annotated Code of Maryland*

#### Notice of Final Action

[18-304-F]

On January 22, 2019, the Maryland Health Benefit Exchange adopted new Regulations .01—.11 under a new chapter, **COMAR 14.35.15 Carrier Certification Standards**. **Effective Date: March 11, 2019.**

#### Attorney General's Certification

In accordance with State Government Article, §10-113, Annotated Code of Maryland, the Attorney General certifies that the following changes do not differ substantively from the proposed text. The nature of the changes and the basis for this conclusion are as follows:

As a general matter, these changes do not substantially affect the rights, duties or obligations of carriers, consumers, or members of the public. The changes merely correct format, clarify intent, and correct superfluous internal cross-reference citations.

Regulation .03B(1)(d): In response to a comment that the reference to “Title 14, Subtitle 108” is in incorrect format, the reference will be amended to “§ 14-108.”

Regulation .03C(3): In response to a comment received concerning an incorrect cross-reference, the citation to § 15-1409 was changed to § 15-1308. The change clarifies that carriers are authorized carriers until they stop offering plans on the Exchange. The incorrect citation referred to large group health benefit plans, which are not offered through the Exchange. The corrected citation refers to individual health plans, which are offered on the Exchange.

C. Notice to the State Board. If a political advertising purchaser is not able to provide the notice required by §A because the online platform is not equipped to receive such notice or did not provide a mechanism to identify the proposed advertisement as a qualifying paid digital communication, then the political advertising purchaser shall provide in writing within 48 hours to the State Board:

(1) Notice that the online platform failed to provide a mechanism for disclosing to the online platform that the political advertising purchaser is disseminating a qualifying paid digital communication;

B. Database Requirements. If the online platform is the initial point of the purchase for the dissemination of a qualifying paid digital communication, the online platform shall make available for public inspection on a website owned or controlled by the online platform in a machine readable, electronically searchable, and downloadable database, within 48 hours after receiving the notice described in §A of this regulation:

(1) The information described in Regulation .02B(1), (2), and (6) of this chapter, within 48 hours of receiving such information from the political advertising purchaser;

(2) The date of the notice to disseminate the qualifying paid digital communication; and

(3) If the online platform is an ad network, the websites or applications where the qualifying paid digital communication was or will be placed.

C. Qualifying Paid Digital Communications Placed Through Ad Networks.

(1) Except as provided in §C(2) of this regulation, if the online platform is not the initial point of purchase for the dissemination of a qualifying paid digital communication and receives the qualifying paid digital communication from an ad network, the online platform shall make available for public inspection on a website owned or controlled by the online platform in a machine readable, electronically searchable, and downloadable database, within 48 hours after receiving compensation for the placement of the qualifying paid digital communication, the following information:

(a) The date of the notice or payment by the ad network to disseminate a qualifying paid digital communication on an online platform;

(b) A link to the database on the website owned or controlled by the ad network from which it received the qualifying paid digital communication referenced in §B of this regulation; and

(c) The name, business address, and contact information of the ad network or online platform that placed the qualifying paid digital communication on its website or application for the ad network.

(2) An online platform need not provide the information required in §C(1) of this regulation if:

(b) The online platform clearly discloses that the source of the qualified paid digital communication is an ad network; and

(c) The online platform maintains a list containing the identities and contact information of all ad networks through which advertisements are placed on the online platform.

D. Disclosure Database. The databases referenced in this regulation shall be clearly and conspicuously identified as disclosures about political advertisements.

E. Ad Network. An ad network has 100,000 or more unique monthly United States visitors or users for a majority of months during the immediately preceding 12 months if that is true of its own public-facing website, web applications, or digital applications, or if that is true of the websites, web applications, or digital applications of any third party with which it has a contractual relationship for the placement of advertisements.

F. Safe Harbor.

(1) An online platform may rely on the information provided by the political advertising purchaser or, if the online platform is not the initial point of purchase, by the ad network that is the initial point of purchase, and will not be held liable for failure to include a qualifying paid digital communication on its database if the political advertiser purchaser or ad network that is the initial point of purchase did not provide the notice required by Regulation .02A or .03A of this chapter.

(2) An online platform is not required to provide the mechanism described in §A of this regulation if the online platform institutes a policy of not disseminating, distributing, publishing, or displaying qualifying paid digital communications on its websites. An online platform may institute such policy by:

(a) Directing in writing that any ad networks with which it has a written contractual relationship not deliver or place a qualifying paid digital communication to its website or applications;

(b) Publicly stating its policy of prohibiting the dissemination, distribution, or publication of qualifying paid digital communications on its websites or applications or at any point of purchase for the placement of qualifying paid digital communications;

(c) Having a written policy directing the employees of the online platform not to accept a qualifying paid digital communication for placement on its websites or applications; and

(d) Establishing an internal review mechanism or protocol to prevent the placement of any qualifying paid digital communication on its websites or applications.

G. Records. The online platform that is the initial point of purchase shall maintain and make available to the State Board, upon request, the following records:

(1) The information described in Regulation .02B of this chapter; and

(2) The total number of impressions generated by the qualifying paid digital communication.

H. Records Retention.

(2) An online platform that is not the initial point of purchase shall retain the records in §C of this regulation for at least 1 year after the General Election to which the qualifying paid digital communication relates.

(3) Failure to provide a mechanism for the political advertiser purchaser to provide notice of its intent to disseminate a qualifying paid digital communication does not relieve the online platform of its obligations to retain the records in §G of this regulation.

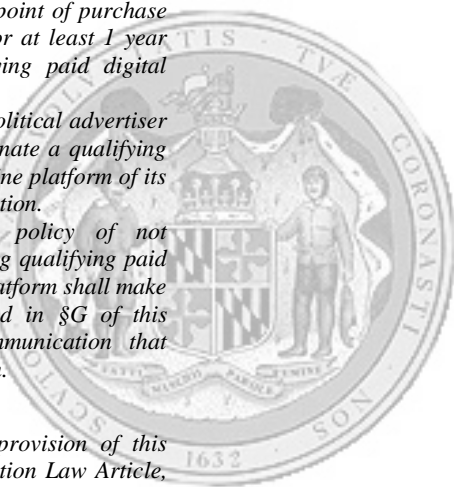

(4) If the online platform institutes a policy of not disseminating, distributing, publishing, or displaying qualifying paid digital communications on its websites, an online platform shall make reasonable efforts to retain the records identified in §G of this regulation for any qualifying paid digital communication that erroneously was placed on its website or application.
